2. Recognition requirements

The CAASI will only recognise a current and valid foreign AME Licence issued by an ICAO contracting state, as the basis for issue of a Solomon Islands Civil Aviation Rule Part 66 Aircraft Maintenance Engineer Licence (AMEL).
This is on the following provisos:

1. CAASI has confidence in, and understands the ICAO state's AMEL system, including meeting ICAO Annex 1 requirements.
2. The ICAO issuing state verifies with CAASI the authenticity and validity of the AMEL.
- (UK CAA AML holders need to apply directly to UK CAA on their form SRG1160 for permission of this verification check)
3. As part of the application you must have an **“address for service” in Solomon Islands**
4. As a minimum, applicants will be required to pass Air Law Written and Oral, and Human Factors examinations. Other examinations may be required depending on your foreign licence requirements.
- (CASA AMEL holders only required to pass Air Law Written); (NZCAA AMEL are exempted from item 4 requirements)
5. Ratings are only issued for aircraft types on the Solomon Islands Register

Note the following:

1. The FAA A&P Certificate, or other ICAO state Certificates based on the FAA Certificate are not recognised.
2. EASA/JAA Category A licences are not recognised
3. Examination credits without a licence are not recognised.

The CAASI does not offer an individual assessment service prior to application. The NZCAA contracts Aviation Services Limited (ASL) to assess foreign AMELs. ASL offers a pre-application assessment service for a fee. This is not mandatory but will advise which ratings are recognised and which examinations are required. Contact ASL direct for details. <http://www.aviation.co.nz>
